

25
MINUTES

The world's fastest test for detecting
Legionella pneumophila sg1

Hydrosense ONE Multi Legionella Water Test

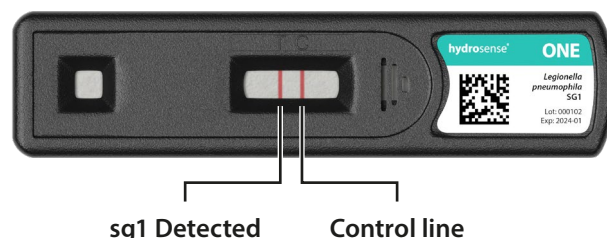

Our Hydrosense ONE Multi Legionella Water Test detects *Legionella pneumophila* serogroup 1, the cause of over 90% of Legionnaires' disease outbreaks and is ideal for guidelines dictating action for 1000 CFU/L and above.

A simple test to conduct, it can be carried out by anyone in any setting as minimal training is required. It provides accurate results in just 25 minutes.

The kit includes visual step by step instructions and provides a visual reference to indicate the level of infection via a Hazard Index scorecard.

Perfect for cooling towers, water storage units, decorative fountains, taps, showers, spas, swimming facilities, and more.

RAPID TEST TYPE	LIMIT OF DETECTION	PART NUMBER
ONE Multi Water	1000 CFU/L (plus 10,000 CFU/L verified Hazard Index rating)	100254
